GRAND JURY ACTS

Jennie Bosschieter's Dastardly Assailants Will Have to Answer.

A DOUBLE INDICTMENT

Quartette of Paterson, N. J. Libertines Formally Charged With Crime of Murder and Rape.

Murder of Factory Girl Who Was Drugged to Death the Subject of Indictments.

New York, Nov. 3.—The grand jury at Paterson, N. J., has handed up indictments against Walter C. McAlister, George J. Kerr, William A. Death and Andrew Campbell, who are charged with the murder of Jennie Bosschieter who was drugged to death on Oct. 18. There were two indictments against each of the young men, one for murder and the other for rape, the first, it is said, also embracing the latter.

It is said that while the grand jury was considering the case some of the members were disposed to find an indictment against Sculthorpe on his own admissions, as an accessory to the assault, at least, but they were in the minority. The hackmen claimed to know nothing about the condition of the girl when she was bundled into the rig and that when he arrived at the Rock road he was coerced by two of the men into doing as he was told.

It is alleged that in the course of the discussion of the case among the members of the grand jury it was said that Jennie's heart was weak and it was suggested that this may have been the cause of her death. There was no evidence that choral was administered and this point can only be determined by the analysis of the stomach or by a confession from one of the accused men. The physicians could not say positively that death was due to a poisonous drug, but this matter will be cleared before the case comes to trial. It is said in support of the statement that death may have been due to a weak heart that on one occasion Jennie, while standing on a street corner talking to two young men, fell in a faint and remained unconscious for half an hour.

The vote on the indictment is said to have been unanimous. The chemical analysis of the dead girl's organs is being made at a laboratory in New York city, of which Prof. Witthaus, who has figured in the Molineaux, Rice and other cases, is at the head. The analysis has not yet been published and no report has been made to the county physician.

DOUBLE DESERTERS

Navy Department Looking Up Recreant Jackies.

New York, Nov. 3.—The police received word from the Brooklyn navyyard authorities yesterday that a dispatch had been received from Admiral Crowinshield of the navy department stating that there were several deserters from the cruiser Albany on board the Kaiser Wilhelm II of the North German Lloyd line which arrived yesterday. The police were asked to take the men into custody. A detachment of patrolmen were sent to the steamer at Hoboken, N. J., when she docked last night. They were accompanied by an officer from the navyyard but failed to find the deserters on board.

The captain of the steamer said that they had been put on board at Naples by the American consul and were to come to New York as stokers. It was necessary to send them ashore at Gibraltar to sign seamens' papers and while on shore there they deserted again. Another deserter from the Albany is on board the Karamania of the Anchor line which is due on Nov. 5. This man is working his passage as a seaman.

IF YOU WANT TO CATCH FISH

Go fishing where fish have been caught by others If you want to be cured take the medicine which has cured others. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It cures many diseases which seem remote from the stomach because it cures the stomach in which such diseases have their origin.

"Words fail to express what I suffered for three years, with cold chills, palpitation of heart, shortness of breath, and low spirits," writes Mrs. A. C. Jones, of Walterboro, Colleton Co., S. C. "I could not sleep and really thought I would soon die. Had a peculiar roaring through my head all the time. Was so emaciated and weak I could not feed myself. My aunt induced me to try Dr. Pierce's Golden Medical Discovery, which I did only to please her, and *six bottles cured me.* To-day am sound and well. During the three years I was sick I had five different physicians."

Dr. Pierce's Pleasant Pellets cleanse the system and regulate the liver.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

HAS CURED 98 PER CENT OF THOSE WHO HAVE USED IT.

An Amicable Agreement.

Wilkesbarre, Pa., Nov. 3.—The officials of the Lehigh Valley Coal company and the laborers employed at the Dorrance and Prospect mine who went out on strike Wednesday reached an amicable agreement yesterday and all of the men returned to work. The striking laborers employed at the Delaware & Hudson company also returned to work, the company compromising with them. It is said that some of the operators in this section will pay semi-monthly in the future.

Emperor's Favorite Wife Drowned.

Berlin, Nov. 3.—A special dispatch to the Hamburg Correspondenz says: "In a well situated in the imperial palace precincts in Pekin was found the body of Emperor Kwang Su's favorite wife, Shen Ti, whom the empress dowager caused to be drowned before the flight of the court from the capital. The second favorite, Shing Fi and 100 ladies belonging to the imperial harem are prisoners in the hands of the allies."

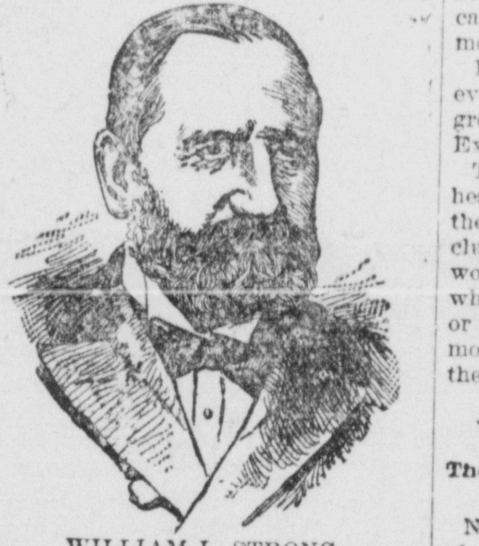
Attitude Will Be Modified.

Paris, Nov. 3.—The Courier Du Soci, which is often inspired, announces that M. Waldeck-Rousseau's speech at Toulouse last Sunday, in the course of which he alluded to measures contemplated by the government against religious congregations, has made a bad impression at the vatican and that the pope has instructed the papal nuncio in Paris to modify his conciliatory attitude toward the French government.

New York's Reform Mayor Passes Away Suddenly.

New York, Nov. 3.—William L. Strong, who was mayor of New York from Jan. 1, 1895, to Dec. 31, 1897, died yesterday.

William L. Strong was elected mayor of New York as the reform candidate of non-partisan and anti-Tammany citizens. He was a Republican, but the other candidates on the ticket were Democrats. He gave the city a clean and vigorous administration, and his appointment of Theodore Roosevelt on the board of police commissioners resulted in a general overhauling of the force.



WILLIAM L. STRONG.

The illness of Mr. Strong had been kept from his political friends. It was known among his business associates in the wholesale dry goods district, but no one suspected that his condition was alarming. Mr. Strong had not been at his place of business for several days. He took an active part in the present campaign and it is said that his political labors, combined with his attempts to retain supervision over his business affairs, in the face of impaired health, brought about the illness that resulted in his death.

List of Missing Dwindles.

New York, Nov. 3.—The police department is investigating the list of persons reported missing in connection with the Tarrant fire for the purpose of getting at a correct list of persons supposed to have lost their lives in the fire. The list as now revised shows 18 persons reported missing and not accounted for.

TERSE TELEGRAMS

Wool sales are the largest since last January.

The National Association of Agricultural Implement and Vehicle Manufacturers will meet next year in Kansas City.

George Washington Freeman Horner Green, a former negro slave, is dead at the almshouse at Hampstead, L. I., at the reputed age of 123.

Telegraphic connection has been completed with Pekin, entirely by the Germans. The railway from Pao Ting Fu to the capital is nearly completed.

The monster iron rudder of the new battleship Maine has been shipped from Cleveland and is due to arrive at Cramps' shipyard within a few days.

Dr. Nicholas Senn has given $50,000 to Rush Medical college for the immediate erection of a new clinical building. The donor is a member of Rush faculty.

R. B. Hutchcraft's bluegrass establishment at Paris, Ky., caught fire and destroyed his large warehouse and other buildings and 50,000 bushels of wheat, 20,000 bushels of grass seed and 20,000 pounds of wool.

David Davis, one of the rioters indicted by the special grand jury at Akron, O., has been convicted of burglary. Davis was one of the men who broke into the store from which the mob secured the guns that were used in the assault on the city building on the night of Aug. 22.

IT IS IMPROVING

South African Situation Is Once More Beginning to Clear.

ROBERTS COMING HOME

The English General Preparing to Shortly Leave Africa With Majority of His Staff.

Nevertheless the Activity of the Boers Continues and Daily Attacks Are Reported.

London, Nov. 3.—The South African situation is improving and Lord Roberts will shortly return to England with a majority of his staff. Arrangements are being made in Cape Town to send the first batch of refugees back to Johannesburg and accomodation is being provided at Bloemfontein for a garrison of 7,000.

Nevertheless the activity of the Boers continues. On Oct. 26 a commando of 300 captured a garrison of 30 men at Reddersburg, but afterward released them. Trains from the south to Pretoria are attacked by the Boers almost daily. On Oct. 24 the burghers occupied Koffyntin.

On the other hand Gen. Knox has inflicted a reverse on Gen. DeWet's force near Parys, capturing two guns, one of them a weapon lost by the British in the Sannas post affair.

The Daily Express publishes sensational statements that the Boer revival is more serious than has hitherto been believed and that in consequence Lord Roberts' return is likely to be still further postponed. It says also that no considerable party of troops will return before January or February, while the regimental drafts from England will continue and 6,000 horses will be sent out.

The paper definitely declares that the Boers are well armed and abundantly supplied with ammunition and that the campaign is likely to last another six months.

In the best informed quarters, however, it is asserted that there is no ground for the pessimism of the Daily Express.

The daily tale of British casualties is heavy. During the month of October, the British lost 167 killed in action, including 15 officers, 71 who died of wounds, 367 who died of disease, 22 who died of accidents and 97 captured or missing, a total almost equal to the monthly average for the duration of the war.

WILL STOP THE SCANDAL

The Goulds Will Pay the Big Debts of the Count Boni.

New York, Nov. 3.—On the authority of an intimate friend of the late Jay Gould, it is announced that the debts of Count Boni de Castellane will be paid in full by the Goulds at once.

The scandal attending the claims, amounting to $4,000,000 against the spendthrift husband of Countess Anna, is to be stopped, it is said. A lump sum probably will be contributed by George, Helen, Howard, Edwin and Frank Gould to wipe out these debts, as they consider the honor of the Gould family is involved.

Incidentally, it has been elicited that the Gould millions have nearly doubled since Jay Gould's death, and Anna's share is nearly $18,000,000, and her income nearer to $1,000,000 than to $600,000 as heretofore stated. The total value of the Gould estate is now over $125,000,000.

ALVORD IS HELD

Defaulter Discharged In One Court to Be Arraigned In Another.

New York, Nov. 3.—City Magistrate Flanner discharged Cornelius L. Alvord, the defaulting note teller of the First National bank, from custody yesterday. The magistrate said he was satisfied that he had no jurisdiction in the case. Alvord was allowed to leave the court room, but as soon as he reached the corridor he was rearrested by a United States marshal and taken before United States Commissioner Shields. The commissioner held Alvord in $150,000 bail for examination on Wednesday next.

The appraisers appointed to make an inventory of the contents of the house of Cornelius L. Alvord under the attachment of the First National bank of New York have completed their work and appraise the value of them at $5,438.

The Chinaman Got Dry.

New York, Nov. 3.—On a charge of having smuggled five Chinamen into the United States from Canada in a cargo of hay, William Grattan of Bangor, N. Y., was held for trial in $1,000 bail yesterday by United States Commissioner Shields. One of the Chinamen got thirsty and when the train stopped near Albany got out to get some water and was detected. All the Chinamen were detained there and Grattan, to whom the hay was consigned, was arrested on his arrival here.

Arranging For Convention.

Havana, Nov. 3.—Gen. Leonard Wood, commander of the department of Cuba, who arrived here yesterday on the steamship Kanawha, has appointed Senores Llorente, Castro, Rivera and Quesada as a commission to arrange the opening ceremony at the constitutional convention next Monday.

AN AMAZING TOUR

Gov. Roosevelt Smashes All Previous Campaigning Records.

Oswego, N. Y., Nov. 3.—Theodore Roosevelt, Republican candidate for vice president, completed last night at this point one of the most remarkable campaigns ever made by a candidate of any party in the United States. In eigth weeks he has visited 24 states in the Union, made 673 speeches, traveled 21,209 miles, visited 567 towns and cities and talked to what is estimated to be 3,000,000 people. This record includes more speeches, more miles traveled and more territory covered than that of all the other candidates for president or vice president of the United States of all other parties for the last 100 years, with the exception of the record made by William J. Bryan in 1896, and it exceeds Mr. Bryan's record, which was 599 speeches made and 19,000 miles covered. This campaign was finished by a 2-weeks' tour of the state of New York during which the candidate travelled 2,053 miles through 37 counties and made 120 speeches, the majority of them from the rear platform of the train.

Mr. Roosevelt finished this tour in excellent health and good spirits and, as he said last night: "With a slightly weakened voice, but able to go on with the campaign a couple of weeks more."

Urges Debs' Withdrawal.

Boston, Nov. 3.—The Globe today prints an open letter to Eugene V. Debs, urging his withdrawal in favor of Bryan, the signers being Prof. Frank Parsons, president of the National Public Ownership league; B. O. Flower, founder of the Arena; Eltwood Pomeroy, president of the National Direct Legislation league, and Dr. G. W. Galvin, all the personal friends of Mr. Debs. The letter is of considerable length and discusses, in its bearing as to the object desired, the socialistic side of the present economical and industrial conditions. The signers declare that a vote for Bryan is the first practicable step toward the co-operative commonwealth, though neither Bryan or the Democratic party may realize that fact.

Havana Papers Exercised.

Havana, Nov. 3.—Newspapers here, commenting on the investigation now being made into the various charges of fraud, announce that developments will make the manipulations of Neely and Rathbone appear unimportant when compared with the crookedness that is yet to be uncovered. The collection of evidence may continue until January or February. The papers charge the engineering department with gross extravagance. It is believed that the trip of W. L. Guyon, editor of the La Lucha, to the United States is in connection with the latest discovery of frauds.

Dropped the Prosecution.

Chicago, Nov. 3.—S. I. Morris, who was arrested two weeks ago on a charge of seeking the lives of John W. Gates of the American Steel and Wire company, and W. G. Brimson, general manager of the Kansas City and Southern railway, has been discharged from custody. Attorneys representing the complainants appeared in court and stated that Mr. Gates and Mr. Brimson did not care to further prosecute the case and desired the prisoner dismised.

The Red Flag Raised.

Chicago, Nov. 3.—Socialist labor orators raised the red flag in State street last night and were driven off the thoroughfare by the police, who were compelled to interfere to stop a riot.

CATARRH OF THE LIVER.

Every Organ of the Human Body Liable to Catarrh.

Mrs. Nettie Lind.

Mrs. Nettie Lind, graduated nurse of the Royal State School, Copenhagen, Denmark, writes the following letter to Dr. Hartman from Chicago. Mrs. Lind says: "I am very pleased to testify to the merits of Pe-ru-na. I have watched its results when prescribed to patients under my care, especially in the different catarrhal troubles, and must say the results were most satisfactory. I therefore have great faith in Pe-ru-na.

Mrs. Nettie Lind."

Mrs. S. E. Robbins, White Wright, Texas, says: "I have been having colic at times and I get very yellow, and am confined to my bed a great deal of the time. Last spring I got so bad that I was in bed most of the time for several weeks. I had colic, sick stomach and nervous chills every six or seven days. Finally, when I heard of Pe-ru-na and Man-a-lin I had eaten nothing for several days, and was under the doctor's treatment. I quit taking his medicine and began to take Pe-ru-na and Man-a-lin. I gained twenty-five pounds, and can now eat anything I want without inconvenience. My skin is perfectly clear—no sign of jaundice. Mrs. S. E. Robbins."

Mrs. C. T. Rogers, of Elgin, Ill., writes: "Your medicine saved my baby, who had jaundice and catarrh of the liver."

Catarrhal dyspepsia is due to derangements of the organs intimately connected with digestion, either the stomach, liver, pancreas or bowels. When the liver is the principal cause there is a pain and heaviness in the right side, great irregularity of the bowels, sick headache, palpitation of the heart, furred tongue, loss of appetite, bloating after meals, gloomy, despondent feelings, yellowness of the skin and belching up gas.

Billious colic or gall stones are frequently the result of catarrh of the liver. It also produces a condition closely resembling chronic malaria. All these troubles are quickly cured by Pe-ru-na. A short course of Pe-ru-na will do more to set right the digestive organs than all other remedies known to man. Pe-ru-na is sure to produce a vigorous appetite and regular digestion. All bilious diseases disappear when Pe-ru-na is used. There are no substitutes for Pe-ru-na.

Two students were arersted Wednesday for infraction of the rules of the institution on Hallowe'en and after a courtmartial were discharged in disgrace, and 113 of their fellow students participated in a sympathic demonstration in their favor as they were departing for their homes. Yesterday the entire 113 students were summarily dismissed from the academy.

There were two safes in the bank. One contained the books and the other the money and negotiable papers. The burglars made the mistake of blowing the former. Had they guessed right their loot would have amounted to $80,000.

Train Wreckers Thwarted.

Tiffin, O., Nov. 3.—An attempt was made to wreck the Baltimore and Ohio westbound passenger train, due here at 5:30 last evening. A pile of railroad ties had been laid across the track a mile west of the city, but were discovered and removed by the bridge gang a few minutes before the train passed.

TRADE REVIEW

Unseasonable Warm Weather Tends to Check Distribution.

New York, Nov. 3.—Bradstreet's trade review today says: Unseasonable warm weather continues the leading directly unfavorable feature of distributive trade because of the check given to retail distribution and therefor to reorder business in most lines of dry goods, wearing apparel and shoes. Conservatism, in view of the near approach of the presidential election is undoubtedly an element exercising considerable influence, particularly in stock speculation but a conspicious exception to this is found in the reawakening of demand and the advances in prices shown in the iron trade in widely separated sections. This is really one of the most important developments of the week and is taken as indicating that not only confidence in election results is felt, but that consumers' stocks are down to a minimum.

Failures naturally show expansion over the same period a year ago, but are much more favorable than in preceding years. Failures for the week in the United States number 165 as against 161 last week; 174 in this week a year ago; 185 in 1898 and 223 in 1897 and 1896.

A HAWAIIAN RULING

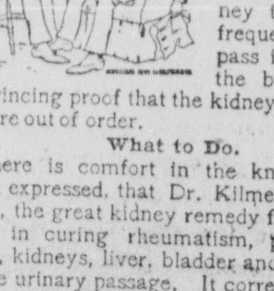
Judge Estee Holds That Constitution Does Not Follow Flag.

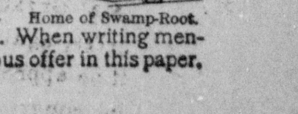
Honolulu, Oct. 25, via San Francisco, Nov. 3.—United States District Judge Estee has rendered a decision to the effect that the constitution does not follow the flag, in an important libel case that has been before the courts here for some time. William H. Marshall was sentenced to six months' imprisonment for criminal libel on account of publications he made about the late Chief Justice Judd. He made an appeal to the supreme court of Hawaii on technical grounds, alleging that the methods pursued during his trial were not in accordance with American procedure. The lower court was sustained, and Marshall turned to Judge Estee with a writ of habeas corpus.

Judge Estee held that the laws of Hawaii allowing conviction of defendants upon a verdict of nine jurors were still in force at the time of Marshall's trial, which was long after the passage of the resolution annexing Hawaii to the Union. The judge said that Hawaii before being annexed "was a free, enlightened state, possessing all the attributes of sovereignty and when with its consent the islands were annexed by the United States, not only the lands but the people with their laws and customs were annexed; and by the well established law of nations, these laws and customs remained in force until new laws were enacted for the government of the territory."

China's Virtual Ruler to Lose Her High Estate.

Washington, Nov. 3.—It is stated in quarters well versed in Chinese affairs, that, outside of the questions of indemnity, punishments, etc., now under negotiation at Pekin, there are three vital and far-reaching questions to be determined, viz., first, the removal of the empress dowager, personally, and through the influence of her advisers, from all participation in the Chinese government; second, the creation of an indemnity fund by the increase of China's customs revenue, either by the payment of the duties in gold instead of depreciated silver, as at present, or else by doubling the silver duties from 5 to 10 per cent ad valorem; and, third, the establishment of a minister of foreign affairs, in place of the old and cumbersome system of the tsung li yamen.





Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

EX-CONGRESSMAN BEDFORD, of Colorado, who supported Mr. Bryan in 1896, is now advocating the re-election of President McKinley. He says he regards the continuance of prosperity as more important than the gratification of Mr. Bryan's personal ambition.—Exchange.

MARION GRIFFITH had an opportunity to vote in favor of an anti-trust bill in the state senate in 1891 but he voted against it. He had an opportunity to vote in favor of the joint resolution for anti-trust amendment to the federal constitution but he voted on the side of trusts. Have we not a right to conclude that he would do the same thing again?

IF a Bryanite talks trusts, ask him if he approved Bryan's vote for the Wilson bill, which gave the sugar trust $16,000,000 a year. Ask him if he knows that Bryan was introduced in New York City the other day by the attorney for the sugar trust. Ask him what Bryan did while he was in congress, against the trust evil. Ask him if he approves Marion Griffith's vote in congress against the anti-trust amendment. Ask him if he approves of Marion Griffith's vote against the anti-trust bill in the state senate in 1891. Tell him that Nathan Powell is pledged to anti-trust legislation. And tell him further, that the republican party always keeps its pledges.

REPUBLICAN POLICY.

1896:—OPEN THE MILLS.
1900:—KEEP THEM OPEN.

DESPERATION.

The extreme anxiety of such patriots as Croker, Hearst and Jones lest the election should be bought away from them does not indicate that they have any great confidence in the result. Jones says "the election is already won, yet he and Croker have advised their followers to surround the polls on election day, while Croker has instructed his men to throw out the election officers and do their own counting if the legally ascertained result does not suit them. Of course, this is infamous. And if there is any trouble on election day it will be directly chargeable to such incendiary talk. Probably no two men in the United States have less right than Jones and Croker to talk about honest elections and political purity. Jones comes from a state in which there has not been an honest election for years. While Croker is one of the greatest masters of the art of political corruption in the United States. How Governor Roosevelt shines by contrast with the Bryan leaders.—News.

THE Ram's Horn, one of the great weekly papers of the United States, though not a political paper sent out 400,000 requests for expressions of preference between the candidates for the presidency. Last week the returns showed 7,270 replies for McKinley, 4,060 for Bryan and 3,045 for Woolley. One of these requests came to Hon. Louis Schneck and in his reply he said he was for McKinley and Roosevelt because "the country has never enjoyed the respec and admiration of the whole civilized world as it has under the present republican administration. From a state of financial panic the country has reached a high plane of prosperity, and as Senator Depew says the republican party does not put the dollar above the man but within his reach.

The closing rally and parade by the republicans yesterday was by far the largest yet this campaign. The elegance and general equipments of many wagons, floats and decorations were elaborate and surpassed anything like, previously.

C. F. Remy spoke in city hall afternoon, and Anderson Piercefield and two other speakers entertained crowds on the street corners. Senator Dolliver failed to arrive before noon but came on the evening train.

The night parade was embellished with fireworks. The speakers were Senator Dolliver, John L. Griffiths and M. L. Clawson.—Columbus Times.

I supported Mr. Bryan in 1896. It is also true that I furnished all the money used by Maryland democrats to aid in his election. I organized Bryan meetings in Baltimore on the same plan that the New York men are holding daily meetings for McKinley. I merely mention this to indicate that I was the staunchest of democrats. Yet, on election night when I learned that McKinley had been elected, I said I would take off my hat to him if he did what he had promised to do. He has done it and I have taken off my hat to him. I shall work for him and vote for him.—General Lloyd L. Jackson, of Baltimore, in a speech delivered in New York.

A GRAND RALLY.

REPUBLICANS GIVE BRYANITES A SURPRISE.

Parade Two Miles Long.---Rough Riders in Evidence ---A Great Speech by Judge Suddarth.

This has beea a great day for the republicans in Seymour and vicinity. They have shown themselves thoroughly awake to the interests of the grand old party and the great crowd here today and the unbounded enthusiasm augurs well for republicans next Tuesday.

This has been the greatest rally of the campaign in Jackson county, even though it was not decided to have it until late Wednesday evening. Only two days then remained to advertise and arrange for it. Nevertheless it was a grand success and furnished a great surprise to the followers of Bryan.

The parade before noon was one of the features of the day that surprised even the republicans in charge. The parade was two miles long and was just five times as long passing a given point as the democratic parade last Tuesday when Adlai Stevenson was here. There were over a hundred Rough Riders in line. These came from Azalia and Jonesville together with a few from Scott county. There were two bands and four drum corps and a half dozen large decorated wagons. Besides these there was a long line of buggies, carriages and wagons, altogether making the largest parade witnessed here in many years. The crowd was well handled by a number of mounted marshals.

At two o'clock this afternoon the crowd went to the City Park led by the Seymour Military Band and there listened to one of the most eloquent and masterful speeches ever heard in Seymour.

No less than 2,000 people were present when John M. Lewis arose to introduce the speaker nnd several hundred came after that.

Hon. Jerry Suddarth, of English, was the speaker of the day. He is an orator of great force and power and for an hour and a half poured forth unanswerable argument for the maintenance in power of the republican party. It was a great speech by one of Southern Indiana's ablest men.

The republicans are well pleased over the splendid success of the rally.

A. J. Stone, of the Air Line, and his wife came here last evening to visit the latter's aunt, Mrs. M. E. Martin.

Forty-six new coal cars for the Southern Indiana came here from the east and went to Bedford this morning.

Gentlemen:—My mamma has been a great Coffee drinker, and has found it very injurious. Having used several packages of your GRAIN-O, the drink that takes the place of coffee, she finds it much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package every week. I am ten years old.

Yours respectfully,

DO YOU FEEL LIKE THIS?

Pen Picture for Women.

"I am so nervous, there is not a well inch in my whole body. I am so weak at my stomach and have indigestion horribly, and palpitation of the heart, and I am losing flesh. This headache and backache nearly kills me, and yesterday I nearly had hysterics; there is a weight in the lower part of my bowels bearing down all the time, and pains in my groins and thighs; I cannot sleep, walk, or sit, and I believe I am diseased all over; no one ever suffered as I do."

This is a description of thousands of cases which come to Mrs. Pinkham's attention daily. An inflamed and ulcerated condition of the neck of the womb can produce all of these symptoms, and no woman should allow herself to reach such a perfection of misery when there is absolutely no need of it. The subject of our portrait in this sketch, Mrs. Williams of Englishtown, N.J., has been entirely cured of such illness and misery by Lydia E. Pinkham's Vegetable Compound, and the guiding advice of Mrs. Pinkham of Lynn, Mass.

MRS. JOHN WILLIAMS.

No other medicine has such a record for absolute cures, and no other medicine is "just as good." Women who want a cure should insist upon getting Lydia E. Pinkham's Vegetable Compound when they ask for it at a store. Anyway, write a letter to Mrs. Pinkham at Lynn, Mass., and tell her all your troubles. Her advice is free.

Indiana Schools.

Commissioner of Education Harris in his report for the fiscal year 1898-99, states that in Indiana there are 556,651 pupils enrolled in the common schools, with an average attendance of 424,7:5. There were 15,488 teachers in these schools, of whom 7,252 were males and 8,236 females. The average monthly salaries of teachers was $48.80 for the males and $44.46 for the females. The public school property in Indiana was valued at $25,000,000. The number of city school systems in operation in the states is sixty-two. The expenditures for all purposes amounted to $2,350,855, of which $1,440,010 was for teaching and supervision of the professional institutions. There were three devoted to theology, with 101 students; five to law with 475 students, and four to medicine with 302 students.

WINE OF CARDUI

WOMEN WHO WORK.

ST. LOUIS, MO., Aug. 12.

Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have now used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

McELREE'S Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb; leucorrhœa, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

POWELL AND SHUTTS HEARD.

A Great Meeting at Opera House Last Night.

Seymour gave to Hon. Nathan Powell, candidate for congress, a magnificent reception last night. He has made friends rapidly and all were anxious to hear him speak.

Shortly after 7 o'clock the two bands and drum corps were out enlivening the occasion with stirring music. The Powell Marching Club, 250 strong, paraded the principal streets with their illuminated dinner pails and Japanese lanters making a splendid showing and arousing much enthusiasm.

At 7:30 when Messrs. Powell and Shutts, the speakers, arrived at the opera house the crowd was already more than enough to fill the opera house. It was an earnest and attentive audience that gave the speakers the closest of attention from first 'till last.

John H. Kamman, candidate for representative, presided, introducing first Hon. Frank B. Shutts, who spoke for nearly an hour making a clear and forceful argument for republican principles such as appeals to every thoughtful person.

When Mr. Powell was introduced and arose to speak he was given a genuine ovation. He spoke for forty minutes and in that time made one of the best and most practical arguments ever heard in Seymour. He had the crowd with him from the start. He is a superior speaker and wins friends wherever he goes. Seymour was glad to have him as a guest of honor and to hear him speak. And on next Tuesday Seymour will do well by him at the polls.

REVOLTING CRIME

Johnson County Farmer Murdered and His Body Cast to Hogs.

MURDERER CONFESSES

William Pherson In Jail at Franklin For Barbarous Murder of Milton Knapp.

A Feud of Baseless Origin Leads to An Attack of a Fiendish Character.

Franklin, Ind., Nov. 3.—William Pherson of Whiteland, this county, is in jail here, the confessed murderer of Milton Knapp, whose headless body, partially eaten by hogs, was discovered yesterday in a cornfield on the dead man's farm in Clark township.

Pherson's confession is a story of one of the most revolting murders in the criminal annals of the state. According to the prisoner's account, he met Knapp near the place where the body was found. The murderer first knocked his victim down and beat him into insensibility. He then deliberately cut off Knapp's head and threw it to the hogs which were in the cornfield.

The body of the murdered man was found by E. Harbert, one of Mr. Knapp's tenants, who occupies the farm on which the crime was committed. The corpse was terribly mutilated and had been torn into an almost unrecognizable mass by the hogs. The head was entirely severed from the body.

Knapp and Pherson had been lifelong friends, living in the same neighborhood. A year or so ago Knapp retired from farm life and moved to Whiteland. Some time after that an anonymous letter was written to Pherson that Knapp was too intimate with one of Pherson's daughters. Friends of both men told Pherson the letter was written to cause trouble and that there was no truth in it. Upon this the attack was based.

A SENSITIVE GIRL

Petty Accusation Drives Bertha Mills to Suicide.

Crawfordsville, Ind., Nov. 3.—Bertha Mills, the 17-year-old daughter of Simeon Mills of Linden, committed suicide under distressing circumstances. She had been living with the family of Thomas Parker, a few days ago she was accused by Mrs. Parker of taking loaf sugar to bed with her to eat. The accusation preyed terribly on the young girl's mind, and she came home almost prostrated. She placed the muzzle of a rifle against her breast and touched the trigger with her toe. The bullet tore her heart to pieces.

Senseless Incendiarism.

Sullivan, Ind., Nov. 3.—A fire broke out in the press room of the Sullivan Times. The blaze was soon extinguished, but not until 15,000 county ballots and the day's edition of The Times had been ruined. The paper had been saturated with kerosene, and the fire is supposed to be the work on an incendiary. A man in this city is under suspicion.

Charged With Stealing Diamonds.

Lebanon, Ind., Nov. 3.—Recently Fred Thompson, a 17-year-old boy, was arrested for robbing Ed Collin's residence in this city, and he is now in jail. Marshal Oden received word that young Thompson was wanted at Wauseon, O., for stealing diamonds, and the sheriff of that place arrived yesterday to secure his custody.

Bank Officer Missing.

Hartford City, Ind., Nov. 3.—O. C. Atkinson, assistant cashier of the Albany State Bank and superintendent of a Sunday school, is reported to be mysteriously missing, and his friends are much distressed, fearing he has met with foul play. Detectives have been employed to trace him.

A Village Blacksmith Saved his Little Son's Life.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan county, N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by C. W. Milhous.

WASHINGTON, D. C.

If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GRAIN-O I have found superior to any, for the reason that it is solid grain.

Yours for health, C. F. MYERS.
